1. THE CONSTITUTION AND OBJECTIVES OF THE TRUST

1.1 Name of the Trust

The name of the Scheme is Fidelity Money Market Trust (the “Trust”).

1.2 Nature of the Trust

The Trust is an open-ended Unit Trust.

1.3 Date of Establishment and Duration

The Trust was established on 29th June, 2022.

1.4 Investment Objectives of the Trust

The object of the Trust is to preserve and enhance unit holders’ wealth to meet short to medium term financial goals while creating liquidity to meet short term needs.

1.5 Fundamental Investment Policy

The Trust shall be marketed as “Fidelity Money Market Trust”, which means it will invest in suitable money market securities to achieve its investment objective.

The Fund Manager shall have the discretion to select specific investments within these asset classes, under normal market conditions:

Investment Class	Allocation range
Government Securities	20% - 80%
Local Government & Statutory Agencies	20% - 40%
Corporate Bonds (with one year to maturity)	10% - 25%
Commercial Papers	5% - 25%
Bank & Non-Bank Fixed Deposits	25% - 30%
Collective Investment Schemes	0% - 10%
Cash Equivalents	5% - 10%

These limits shall be subject to an annual review.

The funds will be managed to achieve maximum returns and be expected to deliver optimum returns on a best effort basis. The set benchmark return is the 182 Day Treasury Bill Rate.

The mix of debt securities and cash may be varied periodically as the Manager consistently looks out for lucrative opportunities in different asset classes, based on the macroeconomic environment and the market cycle. This dynamic approach to asset allocation will maximize the potential in achieving the return objective of the Trust. The percentage limitations in respect of securities held by the Trust are applied at the time of purchase.

1.6 Investment Approach

The Trust is authorized to invest in the above-listed asset classes and to employ a variety of investment techniques to protect the Trust against market and economic risks to the extent available and permissible by law.

1.6.2 Money Market Securities

The Manager expects to invest in money market securities of all maturities. The Manager may invest in money market securities with competitive returns with minimal risk. The underlying assets of the fund would be selected based on solid research taking into consideration interest rate movement, economic and market trends and issuer specific appraisals. Allocations to all asset classes would be greatly influenced by the fund's investment policy. The Trust would invest 100% in money market securities.

The Fund Manager may sell off specific securities in the Trust's portfolio when it becomes evident that there is fundamental deterioration in the credit fundamentals of the issuer or where it may be beneficial to do so in readjusting the overall maturity of the fixed income security portfolio of the Trust or where expectations and projections regarding revenues and cash flow of the issuer are likely to fall short.

The fund manager is expected to maintain a portfolio with 100% allocations in money market instruments for liquidity purposes.

1.7 Investment in Schemes or Assets managed by the Manager or its Associates.

The Manager is authorized to invest in other collective investment schemes whether managed by the Manager, its associates or by any other person. The assets of the scheme may be invested in an asset which is managed by the Manager.

 - i. Apply any part of the assets of the Trust in the acquisition of an investment which is likely to involve the Trust in any liability, contingent or otherwise.

 - k. Invest in any securities of a class in a company or other body if any officer or collectively officers of the manager of the Trust own more than 5% of the total nominal amount of the securities of that class issued by the company or body.

1.9 Dividend Policy

It is the intention of the Trust to re-invest all its investment income. Therefore, dividends will neither be declared nor distributed. As such, individual investors should benefit from a growth in the Net Asset Value of each unit of the Trust they hold.

1.10 Borrowing Powers

Subject to any statutory requirements and prohibitions for the time being in force and to the terms and conditions of the constitution of the scheme and the scheme particulars, the trustee of the Trust may at any time upon the request of the manager borrow for the account of the scheme, any monies whether in local or foreign currency for the sole purpose of enabling the manager to meet requests for redeeming interests of the scheme.

The Trustee may also borrow from any of its associates which is a bank, provided the bank charges interest at no greater rate - and any fee for arranging and terminating the loan is of no greater amount - than is the commercial rate of a loan of the size in question, and negotiated at arm's length in accordance with normal banking practice. Not more than 15% of the Trust's property may be borrowed and the borrowing will be to ensure liquidity in the Trust's property and meet redemptions.

1.11 Maintenance of Prudent Levels of Liquidity

In the interest of prudence and efficient Management of the Trust, the manager will at all times maintain prudent levels of liquidity necessary for emergency purposes and redemptions and in accordance with Section 6(h) of Schedule 7 of the LI 1695, the Fidelity Money Market Trust will invest limited amounts in other funds managed by the Fund Manager and Fidelity Bank Ghana Limited to the extent permitted by the regulator and the Fund regulations. Since Fidelity Money Market Trust is an open-ended trust, the manager shall at all times maintain not less than 5% of the NAV of the trust in cash or near cash instruments to take care of redemptions.

In the event of the Manager desiring to terminate the Trust, it shall be required to give three months' notice to the Trustee; or The Trust may be terminated by the Manager in its absolute discretion by notice as hereinafter provided, on any date after commencement if on such date the aggregate value of the units outstanding hereafter shall be less than an acceptable amount deemed to make the Trust commercially viable. The Trust may be terminated by the Trustee by notice in writing as provided in any of the following events:

1. If the Manager shall go into liquidation except a voluntary liquidation for the purpose of reorganization on terms previously agreed in writing by the Trustee, or be placed under judicial management or ceases business
2. If in the opinion of the Trustee, the Manager shall be incapable of performing or shall in fact fail to perform its duties satisfactorily or shall do any other thing which in the opinion of the Trustees is calculated to bring the Trust into disrepute or to harm the interest of the unit holders, provided always that if the Manager shall be dissatisfied with such opinion
 - a. the matter shall be referred to the Commission or some person appointed by the Commission for determination and their determination shall bind the Trustee and the Manager; and
 - b. If any law shall be enacted which renders it illegal or in the opinion of the Trustee impractical or inadvisable to continue the Trust.

The party terminating the Trust shall give notice to the unit holders in the manner provided and by such notice, fix the date at which such termination is to take effect which shall not be less than three months after the service of such notice. The Trust may at any time be terminated by Special Resolution of a meeting of the unit holders duly convened and held in accordance with the provisions of the Trust Deed and such termination shall take effect from the date on which the said Resolution is passed or such later date, if any, as the said resolution may provide.

Upon the Trust being terminated the Trustee shall proceed as follows:

1. The Trustee shall sell all investments then remaining in their hands as part of the assets and such sale shall be carried out and completed in such manner and within such period after the termination of the Trust as the Trustee thinks advisable.
2. Every such distribution shall be made only against production of the units relating to the units in

respect of which the same is made and upon delivery to the trustee of such form of request for payment as the Trustee shall in their absolute discretion require. All units shall in the case of an interim distribution be endorsed by the Trustee with a memorandum of the payments made and in the case of the final distribution shall be surrendered to the Trustee.

1.13 Accounting Date

The accounting period of the Trust shall begin from the first day of January and end on the last day of December in each calendar year, except for the year of establishment where the accounting period shall commence from the date of establishment and end on the last day of December in the same year.

2. THE CHARACTERISTICS OF INTEREST IN THE TRUST

2.1 Type of Interests

Interest in the Trust will be in the form of units.

2.2 The Units

The unit capital of the Trust shall at all times equal its net asset value as hereinafter defined. The Trust consists of units of beneficial interest at an initial price of GH¢0.10 per unit. All units are entitled to participate equally in the assets and income of the Trust. However, the Trust shall re-invest all its investment income. As such, individual investors would benefit from growth in the Net Asset Value of each unit of the Trust they hold.

2.3 Description of Units

The nature of rights represented by an interest in the Trust is that of a beneficial interest under the Trust. All units of the Trust have equal rights as to dividends and voting privileges. There are no conversions, pre-emptive or other subscription rights. In the event of liquidation, each unit is entitled to its proportion of the Trust's assets after debts and expenses have been paid. Unit holders, under the Trust Deed, are entitled to one vote per unit in all resolutions to be adopted in respect of the Trust and do not have cumulative voting rights.

2.4 Evidence of Units

Contract Notes will be issued to unit holders for units purchased and this shall constitute title to the units. The Registrar shall keep an electronic register to record names of investors and all transactions on their behalf.

3. VALUATION OF PROPERTY, CHARGES, DISTRIBUTION & FEES

3.1 Determination of Net Asset Value

The Manager of the Trust shall publish the Net Asset Value per unit of the Trust daily, or every day that the Ghana Stock Exchange is open for trading, on the Fidelity Securities Limited website (www.fidelitysecuritieslimited.com.gh).

The Net Asset Value (NAV) per unit will be computed by dividing the net value of the Trust's assets (the value of its assets less its liabilities) by the total number of outstanding units at such time.

The Manager will continually assess the methods of valuation and recommend changes where necessary to ensure that the Trust's investments are valued at their fair value as determined in good faith.

3.2 Dealing Deadline and Pricing Basis

Units are priced on a forward basis. This means that the issue price for Units purchased is determined after the Dealing Deadline on each Dealing Day. The NAV is calculated by deducting the total liabilities (including all accrued liabilities) from the total assets (including interest and dividends declared but not yet received) by the total number of outstanding units. The Dealing Deadline is 4 p.m. on each Dealing Day (or such other time as may be agreed between the Manager and the Trustee). For example, if you purchase Units before 4 p.m. on a Dealing Day, the price to pay will be based on the issue price of the Units of that Dealing Day. If you purchase Units after 4 p.m. on a Dealing Day, the price you pay will be based on the issue price of the Units of the next Dealing Day. The issue price of Units for any Dealing Day is always calculated on the next Dealing Day. That is to say, upon receipt of your purchase request in good order; your investment will be done at the next determined net asset value.

The price of each unit of the Trust is the net asset value per unit. The Trust values its portfolio securities for which market quotations are readily available at market value. Securities for which market quotations are not readily available or are unreliable are valued at their fair value in good faith using procedures approved by the Directors of the Manager of the Trust.

Securities quoted in foreign currencies are converted to the local currency based on the prevailing exchange rates on that day. Fluctuations in the value of foreign currencies in relation to the Ghana Cedi (GH¢) may affect the net asset value of the Trust even if there has not been any change in the foreign currency prices of the Trust's investments. Where quotations for foreign exchange traded securities are available and reliable, the securities will be valued at the market quotations; where such quotations are not readily reliable or markets on which such securities trade close after the dealing deadline or significant issuer specific events occur after the close of the market, which in the opinion of the Manager may affect values of the securities, the Trust may use a fair basis to value such security.

3.3 How Units are Issued

The number of Units (truncated at 2 decimal places) to be issued is calculated by dividing the Net Investment Sum by the issue price for the Trust on the Dealing Day. Since the Trust does not charge fees on subscription, the Net Investment Sum is equal to the money you wish to invest:

E.g.: Net Investment Sum = GH¢1,000.00

Issue Price (as calculated on separate Dealing Date for example) = GH¢2.0000

Number of Units to be Issued = $1,000/2 = 500.00$

The following methods will be used in valuing the Trust's assets. Shares and other investments listed or quoted on a recognized or designated Stock Exchange shall be valued at the last traded price before the close of business on the relevant Stock Exchange. Money market instruments shall be valued at cost plus accrued interest as at the date of valuation.

All other investments shall be valued at market price using conventional valuation methodologies. The Manager will continually assess the methods of valuation and recommend changes where necessary to ensure that the Trust's investments are valued at their fair value as determined in good faith by the Directors of the Manager.

3.4 Management Fees

Management Fee is charged in line with international standards and will be reviewed on an annual basis. Initial fee will be 2% per annum on gross assets of the Trust. The fees paid quarterly to the Trust Manager for its services will accrue daily on the gross asset value of the Trust.

3.5 Trustee's Fee

4 THE ISSUE AND REDEMPTION OF INTERESTS IN THE TRUST

4.1 Initial Offer of Interests and Minimum Interest

The Initial Offering of Interests in the Trust will be at GH¢ 0.10 per unit and expected to raise a minimum amount of **GH¢500,000**. The initial offer will remain open for a period not exceeding twenty-one (21) days inclusive of the days on which the offer opens and closes. **The minimum initial purchase per investor shall be 1000 units and subsequently in multiples of 100 units.**

4.2 Days and Times for Issues and Redemption

The Manager will be available to receive requests by investors for the purchase and redemption of interests of the Trust on every business day from 8:30 am to 4:00 pm at the offices of the Manager except weekends and statutory public holidays.

The redemption price shall be payable to the investor within the prescribed settlement period of five working days from the day of application.

4.3 Purchase of Units

The office of the Manager shall be open from 8:30am GMT to 4:00 pm GMT from Mondays to Fridays except weekends and statutory public holidays to receive requests for purchase of units. The price at which units of the Trust shall be purchased will reflect the Net Asset Value of the Trust at any time.

The Manager reserves the right to reject any order received for purchase of units/interest in the Trust.

4.4 Procedure for Purchase

Applicants shall complete standard application forms which shall then be sent to the office of the Manager. Telephone or electronic requests will be accepted once an indemnity form has been completed by the Client. Cheques will be cleared first before the processing of applications by the Manager.

The base currency is the Ghana Cedi. However, applicants making purchases with other currencies should allow for currency conversion which may result in a delay. Foreign currencies shall be converted using the prevailing Inter-Bank exchange rate. The Trust will inform an applicant if possible, the total number of units allotted and the total cost after the price at which the units are to be issued has been established. Payments for units shall be made in Ghana Cedi; however, applicants can settle their payments with easily convertible currencies but will bear the foreign exchange transaction cost.

For subscriptions using cash, investors must complete the application form accompanying this Prospectus and send it, together with the subscription monies, to the Manager or their distributors (as the case may be). Subscription monies shall be made payable in accordance with the terms of the application form or as the Manager or the relevant distributor may direct. For first time investors with Fidelity Securities Limited, a copy of the investor's National Identity Card (NHIS, Passport, Driver's License, Voters ID and National ID) should be added to the application and sent to the Manager.

Units can only be issued after receipt of subscription monies by 4:00 p.m. GMT on valuation day. Application may lapse and be cancelled if settlement is not made.

4.5 Confirmation of Purchase

A contract note shall be issued within three (3) Business Days from the date of receipt of the application form and subscription monies by the Manager.

4.6 Publication of Unit Price

The Manager will publish daily on Fidelity Securities Limited website, the indicative Unit price (NAV) of the Trust which would be the valuation price determined on the dealing day immediately preceding the publication day. A publication may not be made in any given week only when there has been a suspension in the dealings of the Trust.

The price may also be ascertained at the offices of the Manager.

4.7 No Initial Charge or Exit Fees

The Trust imposes no initial charge upon subscription of units. There shall be no charges upon redemption either.

4.8 Redemption of Units

The Trust is open-ended and therefore will redeem for cash all units of the Trust on receipt of a request which shall entail the completion of a Redemption Application Form. There are no minimums on amounts that can be redeemed. However, a minimum balance of GH¢20.00 must be maintained to keep the account running. Units can be redeemed on every business day except public and statutory holidays and may be done either in person at the manager's office or through approved distributors of the Trust.

The redemption proceeds paid to an applicant will be the Redemption Price per Unit of the Trust (which shall be the computed NAV) multiplied by the number of Units redeemed. The redemption proceeds are paid to investors within five (5) Business Days following receipt of the Redemption request. Proceeds shall be paid through the following means:

- a. by cheque to the applicant and the applicant shall be required to pick up the cheque in person or per instruction have it collected by a third party authorized so to do by the applicant,

4.10 Suspension in Dealings

The Manager may, with the approval of the Trustee, suspend dealings in a particular security during:

- a. any period when the dealings of that security on the Stock exchange are restricted or suspended;
- b. the existence of any state of affairs as a result of which disposal of investments of the Trust would not be reasonably practicable or might seriously prejudice the interests of the investors as a whole and of the assets of the Trust;
- c. any breakdown in the means of communication normally employed in determining the value of any investment of the scheme or the current price on any stock exchange or when, for any reason, the value of investments of the Trust cannot be promptly and accurately ascertained; or
- d. any period when remittance of money which will or may be involved in the realization of the investment of the Trust or in the payment for investments cannot be carried out.

The Manager shall immediately notify the Commission of any suspension in dealings and shall provide the reasons for it. A suspension in dealings may be permitted in exceptional circumstances having regard to the interests of investors and with the prior written consent of the Commission. The suspension shall take effect immediately upon its declaration by the manager and dealings shall resume on the first dealing day after the day on which the condition that caused the suspension ceased. A notice to the effect that dealings have been suspended or resumed shall be published immediately on the FSL website in which the Trust's prices are normally published and shall be published at least a month after the first publication during the period of suspension.

4.11 Duration and Termination of the Trust

The Trust is of an indeterminate duration but may be terminated in the following circumstances:

- a. When an event, date or state of affairs specified for termination of the Trust in the Trust's constitution occurs;
- b. When the Manager of the Trust in writing and with the approval of the Commission, terminates the Trust on the ground that the purpose of the Trust cannot be accomplished;
- c. When a court on an application by the Manager of the Trust or by the Commission, a unit holder in the Trust, or a director of the Manager, makes an order to terminate the Trust if and when the court considers it just and equitable to do so; or
- d. If the Trust is insolvent;
- e. When a special resolution for termination is passed by the unit holders;
- f. When required by law;
- g. When an event of termination occurs, the Manager shall, on a best effort basis, effect a market sale of all of the Trust's assets for the best prices available at such times. The unit holders will subsequently be entitled to receive a distribution in proportion to their respective interests in the Trust of the net cash proceeds derived from the realization of the assets of the Trust and which are available for distribution.

4.12 Conflict of Interest

The Manager may from time to time have to deal with competing or conflicting interests between the other unit trusts which are managed by the Manager of the Trust or its associates. However, the Manager will use reasonable endeavors at all times to act fairly and in the interests of the Trust.

The factors which the Manager will consider when determining if there are any conflict of interest as described above include the assets (including cash) of the Trust as well as the assets of the other Trusts managed by the Manager. To the extent that another Trust managed by the Managers intends to purchase substantially similar assets, the Manager will ensure that the assets are allocated fairly and proportionately and that the interests of all investors are treated equally between the Trust and the other Trusts.

Associates of the Trustee may be engaged to provide financial, banking or brokerage services to the Trust; such services, where provided, will be on an arm's length basis.

4.13 Market for the Units

The units of the Trust will not be listed on any stock exchange. All dealings in the units will be at the registered office of the Manager.

5. RISK FACTORS AND SPECIAL CONSIDERATIONS

5.1 Cautionary Statements

The investments of the Trust are subject to normal market fluctuations and other risks inherent in investing in securities. There can be no assurance that any appreciation in the value of investment will occur. The value of investments and the income derived from them may fall as well as rise and investors may not recoup the original amount they have invested in the Trust. There is no certainty that the investment objectives of the Trust will actually be achieved and no warranty or representation is given to that effect.

Investment advice may be sought by an investor before subscribing to the Trust.

5.2 Legal Risk

Since all investments are subject to some level of legal and/or regulatory risks there could be some contingencies to deal with. However, Ghana's laws are adequately provisioned regarding fiduciary duties of officers and directors of investment management firms and the protection of investors.

5.3 Market Risk- Availability and Liquidity of securities

The Ghanaian securities market is small, illiquid and potentially volatile. The limited liquidity of the Ghanaian securities market may also affect the Trust's ability to acquire or dispose of securities at the price it so wishes to do.

5.4 Taxation

Currently, Collective Investment Schemes do not pay taxes on their incomes. Investors in the Trust will not pay taxes on incomes received, and we do not foresee that changing in the near future.

5.5 Inflation

This is an external risk posed to the Trust from the general market conditions within which the Fund Manager operates. Inflation risk is posed by the fact that the value of an investment will be eroded as inflation rates rise.

5.6 Re-investment risks

Reinvestment risk to the fund arises when rates change adversely at the time of maturity of an investment resulting in a decline in returns. The manager will ensure to manage these risks that are within its limits to maintain optimal returns on the Trust at all times.

5.7 No Rating Criteria For Debt Securities

There is no credit rating agency in Ghana and therefore no rating criteria for the debt securities in which the Trust may invest. In purchasing such securities, the Trust will rely on the Manager's thorough due diligence, analysis of such investments, professional judgment, analysis and experience in evaluating the credit worthiness of an issuer. The manager will take into consideration, among other things, the issuer's resources, and its sensitivity to economic regulatory matters.

5.8 Issue Risk-Effect of Redemption Charge

With the imposition of a redemption charge, an investor who realizes his/her units after a short period may not (even in the absence of a fall in the value of the relevant investments) realize the amount originally invested. The purchase of Fidelity Money Market Trust units therefore should be viewed as a short to medium-term investment.

5.9 Issuer Specific Risk

Fidelity Money Market Trust is a new Trust that may encounter start-up difficulties that impact its operations. These may include disruptions to the computer systems that drive the business, staff adherence to internal policy relating to executive client order etc. An internal system of checks and balances shall be put in place to identify and resolve these issues as they occur.

5.10 Target Group

The Fidelity Money Market Trust has identified individuals, corporate bodies, associations, pension funds, endowment funds and provident funds as it targets for the issue of its units. The Trust is structured to meet the investment needs of the following types of investors:

- a. Ghanaian citizens and corporate institutions
- b. Foreigners and corporate institutions living in Ghana or based abroad
- c. Lecturers, students, workers of the tertiary institutions and tertiary institutions
- d. Ghanaian financial institutions and insurance companies
- e. Endowment, provident and pension funds
- f. Churches and religious organizations
- g. Professional bodies, associations and clubs

6. GENERAL AND ADDITIONAL INFORMATION

6.1 Publication of Reports

The financial year of the Trust begins on the 1st of January and ends on the 31st of December of each year. Unit holders can expect to receive the annual report, annual audited accounts and the Auditor's report on the annual Accounts within 3 months (or such other period as may be prescribed by the Commission) from the end of the financial year. The semi-annual report and semi-annual Accounts of the Trust will be sent to Unit holders within 2 months (or such other period as may be prescribed by the Commission) from June each year.

6.2 Documents for Inspection

Copies of the Prospectus, Trust Deed of the Trust, Manager's Audited Accounts, Register of unit holders/Investors, Register of schedule of the fund's assets, Regulations of the Scheme, Written consents, Custodian agreement any amending instrument to the deed and the recent annual and half-yearly reports may be inspected and obtained from the Manager's website and from the Manager's Head office which is located at:

Fidelity Securities Limited
1st Floor, Ridge Tower,
Ridge, Accra
PMB 43, Cantonments
Accra, Ghana

6.3 Complaints Procedure

1. The Manager shall maintain a register into which shall be recorded every complaint received, the date on which the complaint was received, and the details of it.
2. The Manager shall investigate or cause the investigation of all complaints received in an expeditious manner.
3. If, for any reason, the complaint is not settled to the satisfaction of the complainant within three months after its receipt by the Manager, the Manager shall give notice to the Commission of the details of the complaint, the action taken in response to it and inform the complainant that the Commission has been notified and provide the date of the notice.
4. After receipt of the notice, the Commission shall investigate the complaint and provide the complainant with such redress as is provided under the Law.

6.4 Guaranteed Minimum Initial Subscription

The Manager of the Trust guarantees an initial minimum subscription of GH¢500,000. In the event that after the closure of the Initial Public Offering the minimum subscription is not raised, the Manager guarantees to make up for the short fall between the amount raised and the guaranteed minimum subscription.

6.5 Regular Investment Plan

This is a purchase plan that allows an investor to make payments to the Manager on periodic basis to purchase units in the Trust. The minimum value of subscription to the Regular Purchase Plan shall be GH¢10 and may be transferred automatically from a bank account on a periodic basis to the Manager for investment in the Trust by the unit holder. The Trust may alter or terminate this

arrangement at any time. Investors are to contact the Manager for further information on this service. The Regular Purchase Plan may also be done by cash payment to the Manager or the designated Agents of the Manager (as the case may be).

6.6 Investment Account

The Manager shall maintain an Investment Account for every unit holder and send a statement on the account to the unit holder at least half-yearly. The statement will show activities in the account since the preceding statement, if any. Unit holders will receive separate confirmations for each purchase or sale transactions other than automatic investment purchases and the reinvestment of income dividends.

6.7 Benefits of investing in the Trust

Investment in units of the Trust potentially offers several benefits. Many investors, particularly individuals, lack the information or capability to invest in a variety of high capital appreciating and income earning securities. This Trust could significantly address this by changing the characteristics of the investor's portfolio in terms of risk diversification, liquidity and high returns. The Trust offers investors the possibility of obtaining capital appreciation through strong portfolio of assets.

6.8 Material Contracts

The contract entered into by the Trust which is considered material for the purpose of this issue is the Trust Deed between the Fidelity Securities Ltd. and the Trustees of the Trust, Guarantee Trust Bank.

6.9 Claims and Pending Litigations

There are no existing claims or pending litigations on the assets of the Trust.

6.10 Issue Costs

All the expenses related to the making of this offer for subscription, including fees payable to the regulatory authorities, shall be paid by the Manager.

6.11 Meetings, attendance and voting

1. The investors in the Trust shall meet for the transaction of business at such times and places as the Manager of the Trust may determine except that the Manager shall hold such meetings at least once a year as stipulated under Regulation 80(2) of LI 1695.
2. The Manager of the Trust shall at the request in writing of investors registered as holding not less than 50% of the number of interests in issue or at the request of the Trustee made in writing, convene a meeting of the investors within thirty days of the date of request.
3. The Manager may attend any meeting of investors but the Manager is not entitled to vote or be counted for quorum in its capacity as the Manager.
